'Pro-EbookTemplates.com' Is Live. Site Offers eBook Templates That Puts 'Average' People On A Pathway To Create High Quality Layout eBooks Fast And Easy By Using Professionally Created Templates for Free Word processor.

Soraker, Sweden (August. 1, 2008) – pro-ebooktemplates.com went live on August 1, putting average people on the pathway of creating high quality layout eBooks directly in their homes without previous layout experience.

This site is distributing vol. 1 of the Pro eBook Templates series starting on August 1. The site owner, Kent Nasstrom explains that he has found a great need for layout templates among people from all over the world.

Kent further explains, “As I work with affiliate marketing as well as newsletter related marketing I get contacted by a lot of people almost on a daily basis who are looking for ways to produce good looking eBooks from their raw texts. To help them reach that goal in a fast and low cost way I’ve acquired a number of resources like these eBook templates.”

He continues to tell us about how happy he is that vol. 1 of the pro eBook template package finally is online and that you are welcome to download them starting August 1..

Using templates from this package will, according to tests done, allow writers to produce an eBook with a good layout and distribute it as a pdf file in 30-60 minutes, if he/she has the text prewritten and spell checked. For more information and a readymade free demo template eBook you can download, visit <http://www.pro-ebooktemplates.com/> !
